Date: 20/3/2026

Event Report

Academic Year: 2025-26 **Semester-II**

Name of the event: "Robotics: Learn and Build" workshop.

Date and Time	18th March 2026, 09 AM to 04 PM.
Event Venue	Room no 148, ADYPSOE.
Organized by	Mechanical Engg. Department.
Targeted Audience	SE,TE,BE Students.
Resource Person	Mr.Sanket Chordiya .

Event Contents:

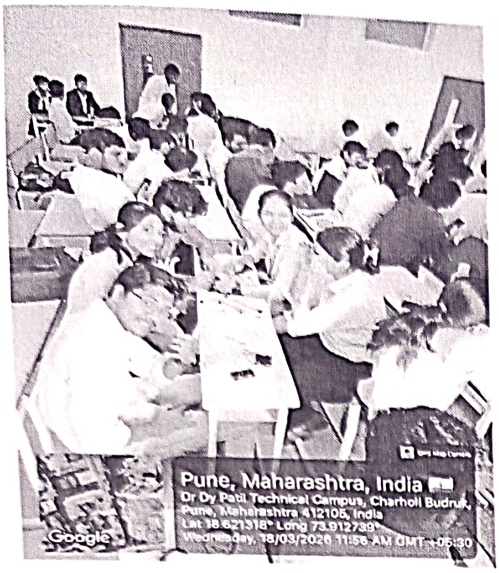
1. Introduction to Robotics and its Industrial Applications.
2. Basics of Electronics, Sensors, and Actuators.
3. Hands-on Learning: Robot Design and Assembly.
4. Programming Fundamentals for Robotics.
5. Practical Demonstration and Live Project Building.
6. Interactive Session with Expert Guidance.

Details of the event:

The Department of Mechanical Engineering successfully organized a "Robotics Learn and Build Workshop" with the objective of enhancing students' practical knowledge and technical skills in the field of robotics.

The workshop was honored by the presence of Mr. Sanket Chordiya, who served as the chief guest and resource person. He shared valuable insights into the latest advancements in robotics, automation, and industry-oriented applications.

The event began with an introductory session covering the fundamentals of robotics, including key components such as sensors, microcontrollers, and actuators. Students were then guided



Name and Sign of Coordinator: Dr.Shreepad Sarange.
